

Nusr-Et Steakhouse

Illuminated Light Track System in Nusr-Et NYC

TPG architecture commissioned VISO to custom design-engineer, manufacture, install and program this one-of-a-kind feature decorative lighting installation for Nusr-Et restaurant in Las Vegas. Located next to the T-Mobile arena, Salt Bae is already attracting a crowd not only for chef's gold leaf steak. The impeccable atmosphere of the interior designed by TPG Architecture is the talk of the town. The custom decorative lighting installation features multiple LED screens, a column, rings and ceiling with the highest pixel quality LED screens, contemporary decorative crystal pendants and DMX controlled LEDs. VISO also designed, engineered, manufactured and installed a custom wine cellar display with DMX technology.
