

# Seneca Trattoria Atop the InterContinental

## Textured Resin and Custom Tassels...It's All in The Details

Sitting atop the InterContinental in San Diego, this Northern Italian restaurant is open to the public for a unique dining experience. VISO, in collaboration with AvroKO and GoodShop Manufacturies, design-engineered and fabricated a bespoke lighting package for Seneca Trattoria. Keep an eye out for intricate resin artwork and custom tassels that adorn the space, while adding the perfect ambiance.
